MEN ON SAINTS ROUTE TO MEET

REPRESENTATIVES WILL GATHER HERE TOMORROW.

TO ORGANIZE FIGHT FOR JEFFERSON ROAD

Maryville Commercial Club Has Called Meeting to Make Plans for Presenting Saints Advantages.

A meeting of delegates from each of the important towns along the Saints Highway will be held in the Maryville Commercial Club rooms at 10 o'clock tomorrow morning to form an organization for making a strong fight before the board of directors of the new Jefferson Highway in behalf of the Saints Highway.

One of the leaders in the meeting will be J. F. Bryan, secretary of the Creston Club, who will bring a delegation with him. Other towns which will be represented by one or more men are: Kent, Lenox, and Bedford, in Iowa; Hopkins, Pickering, Bolckow, Barnard, Rosendale and Savannah.

John Sewell, chairman of the Highways committee of the Commercial Club here, will appoint several others to represent Maryville in the meeting. An effort is being made today to get a man from St. Joseph to be present in the meeting also.

The Jefferson Highway will run from St. Paul to New Orleans but the shorter stretches have not been officially designated in every instance. When the directors meet in Kansas City soon to pass upon this question, the Saints Highway expect to have a strong bunch of men there to tell them why this route from St. Joseph to Des Moines is better than the Interstate Trail through Bethany.

It is for this that the meeting has been called tomorrow morning by the Maryville Commercial club W. R. Jackson, secretary of the Club, has been giving almost all his time the past week in getting in touch with the towns on the Saints Highway and arousing them to the opportunity of getting on the official route of one of the nation's great highways.

SKIDMORE 32; BARNARD 30

West County Team Shows Dust to Five Which Had Not Lost a Game This Year.

In one of the fastest basket ball games of the season Saturday afternoon at Skidmore, the high school team defeated Barnard by a score of 32 to 30. The S. H. S. lost a game at Barnard Saturday, Nov. 6, 22 to 19. Barnard had won five successive games, but defeat was their lot at Skidmore, despite their best efforts.

The line-up for Barnard was: Forwards, V. Robinson and E. Thompson; center, P. Stalling; guards, E. Gardner and A. Patton; substitutes, R. Goforth and D. Campbell. The line-up for Skidmore was: Forwards, D. Robbins and D. Haynes; center, R. Howden; guards, R. DeWitt and J. Aldridge; substitutes, M. Owens and E. King. Robbins of Skidmore made more points than any man on either team, making 21 points. Thompson and Stalling of Barnard tied for second place with 11 points each.

CORN ACRE YIELD CONTEST

Harvesting and Weighing Had to Be Finished by Yesterday and Affidavits Are Expected Soon.

Harvesting and weighing of the corn in the boys' acre yield contest under the auspices of the Nodaway County Agricultural and Domestic Science association had to be finished yesterday by the rules of the contest.

Bert Cooper, manager of the exhibit, expects the affidavits to arrive today and tomorrow and the contest to be decided by the last of the week. A disinterested neighbor must see the corn gathered and weighed from one acre and must also sign the affidavit.

Ten boys wrote for blanks from the county superintendent of schools, and it is expected that at least eight will contest, as there are that many prizes.

The prizes which are offered total $195. First prize is $50. Second is $40, and they range on down to eighth, which amounts to $5.

DOGS GET A CORN THIEF

CHIEF MOBERLY AND SHERIFF DO QUICK JOB.

Complaint From Burlington Junction at 4 o'Clock Yesterday Afternoon —Thief Fined Today.

Chief of Police E. C. Moberly is particularly proud of his dogs today, after their sure and rapid work in catching a corn thief at Burlington Junction last night.

A complaint came in yesterday afternoon at 4 o'clock that a man had been stealing corn out of fields along the road. The chief and the hounds hurried up that way, getting to the scene about dusk. A track was found in a field and the trail followed to where a camp had been broken.

Sheriff Ed Wallace and Deputy Sheriff George Yates of Burlington Junction caught the outfit near Quitman with corn in their wagons. Bob Wooden was brought back to Burlington Junction last night and this morning he pleaded guilty.

Justice Staples fined him $15 and costs, which he paid and hastened after the camp, in the southern part of the county. If any farmer is losing any corn in a similar way, just let "Fatty's" dogs get their nose to a track in the cornfield before it gets too old and the thief is about the same as fined.

Mrs. Nancy Pride left this morning for Butler, Mo., where she will be the guest of relatives.

A BETTER INSTITUTE

RICHARDSON PRESENTS PLANS AND CHANGES FOR NEXT YEAR

BIG TEACHERS' MEETING

More Entertaining Attractions Will Be Offered and More Local Interest Will Be Sought by Normal

New plans and proposed changes for the Farm and Home Institute for next year were given to the Commercial club at their weekly luncheon yesterday by President Ira Richardson of the State Normal school.

Perhaps the most interesting to the public in general was the announcement that the Northwest Missouri Teachers' association meetings would be revived next year on account of the state association being held in St. Louis.

The last two years the meetings have been in St. Joseph and Kansas City, and were so near that most of the teachers in this part of the state were able and desired to go to them. But it is definitely known that seven or eight, and perhaps more, of the counties in this corner of Missouri will meet at the Normal during the institute for a teachers' meeting next year.

The suggestion will be made to the counties like Ray and Carroll, which are considerable distance away, that they shall hold tri-county meetings or joint association of some character, so that their programs may be better than a single county is able to bring together.

No Morning Programs Hereafter.

President Richardson said that past experience has shown that there was no need for morning agricultural programs, as no farmers attended them. Sectional meetings of teachers and other conferences will probably be held in the morning and the regular institute meetings in the afternoon.

The programs will be made more interesting to Maryville and the people of Nodaway county by the addition of more local speakers and frequent round table discussions. Township and intertown competition is being considered also as a better means of arousing interest.

The last week in October will be the date of the meetings again, but the tractor demonstrations will be set near the first of August, as this date is more suitable to the farmers and the tractor companies. Experience of other fairs and institutes have shown that better interest is manifested in the plowing work in August than in October.

More Entertaining Features.

The adding of a parade with floats prepared by towns and township, city and rural schools, with suitable prizes for the best ones, was recommended as one attraction which might help the attendance at the institute.

In the exhibits of the Agricultural and Domestic Science association, the adding of classes for boys and girls in calves, hogs and baby beeves was suggested by President Richardson. Better co-operation was urged between all concerned in the affair.

The club referred the recommendations and suggestions to the entertainment and agricultural committees of the Maryville Commercial club. They are: Agricultural, Roy Curfman, R. A. Kinnaird, Lawrence Ogden and Ernest Wray; entertainment, Albert Kuchs, F. G. Shoemaker, Edward Keck.

WRECK OF CARNIVAL TRAIN

24 Killed, 50 or More Injured is the Latest Estimate of Accident Near Columbus, Ga.

Special to The Democrat-Forum.

Columbus, Ga., Nov. 23.—The work of checking up the dead and injured of the Kennedy Carnival company of Leavenworth, Kan., is progressing slowly. The latest estimate is twenty-four dead and fifty or more injured. The wreck occurred six miles west of here, between a Central Georgia passenger train and a special train of twenty-eight cars carrying the carnival company.

Identification in many cases is difficult on account of their being many hangers-on, and the names are unknown in a number of cases.

CITY ATTORNEY'S LIQUOR DECISION

MAYOR IS INFORMED THAT FEB. 3 IS LEGAL DATE.

BUT IT WOULD LEAVE ROOM FOR CONTEST

Brotherhood at the Christian Church Invites All Who Are Interested to Meet With Them Friday Night.

That the local option election can legally be held in February is the belief of W. H. Crawford, city attorney, and he gave such a decision to Mayor U. S. Wright this morning.

But the date would probably lead to a contest, at least it would leave room for one, the city attorney officially stated to the mayor in a decision filed with Mr. Wright this afternoon, following a request from the mayor for such an official expression of opinion.

This ruling of the city attorney is of importance for two reasons: It will have weight with the mass meeting of temperance forces which will be called to vote upon a date to be asked for, and Mr. Crawford may advise the city council against the February date and they have the final word in the calling of the election.

Mr. Crawford's opinion is based upon two outstanding facts in the liquor statute. The first is that the law reads that the local option election "shall not be again submitted within four years next thereafter "the date of the previous election.

It has been previously asserted by lawyers that the statute meant that another local option election could be held as soon as four years had elapsed, counting the day of election as the first day of the four years. By that ruling, the forbidden time would be up at midnight January 4 here.

But the time will not be up until midnight January 5, Mr. Crawford holds, because the statute reads "within the four years next thereafter." The city attorney has looked up all of the definitions of the word "submitted" as used in the liquor law, and finds that by submission the law means the referring of the matter to the people by a legal notice not by the election itself.

Can't Call It Till Jan. 6.

Nothing could be done by the council, therefore, until the morning of January 6, according to Mr. Crawford's interpretation. That would mean that the last notice of election would be on February 3, in order for the notices to run twenty-eight days.

The case of state vs. Swearingen 128 M. A. 605 held that by four consecutive weeks, the statute meant that the notice must be in five weekly papers. But two later cases have overruled that decision in cases exactly parallel to the Maryville election, in case it should be called here February 3.

The state vs. Brown, in St. Louis ciurt of appeals held that four publications was sufficient within the law if twenty-eight days elapsed before election and the publishing of the first

SHOW IN ARMORY

POULTRY ASSOCIATION WILL OPEN WEEK FROM TOMORROW.

MRS. F. C. SMITH, FIRST

Her Entry Came Last Week and Many Are Following—Exhibit and Offerings Attracting Attention

Final arrangements for the old armory building, on the east side of the square for the place in which to hold the Northwestern Missouri Poultry association show, December 1-4, were made this morning by F. P. Robinson, president of the association.

The honor for getting in the first 1915 entry goes to Mrs. F. C. Miller of Guilford, who sent in her entries for several pens of Rose Comb Reds the last part of last week. They are coming in thick and fast now to Joseph H. Sayler, secretary.

The thirty-five cups which will be given by Maryville merchants to the winners arrived last week at DeHart & Holmes' store. A few were slow in arriving, however, and they were not put into the window for display until today. They make a most beautiful display of silverware.

The annual poultry show by the Quitman association begins tomorrow morning. Fifty dollars is offered in prizes in the show, which will continue until Friday.

The annual Shenandoah show, from which the local association got the idea of offering cups, is being held in the Iowa town this week and is attracting a large number of birds from this county. Most of the fanciers are planning to show at Shenandoah, then in Maryville, and then to the state show at Joplin the second week in December.

Republic Notices Maryville Show.

The St. Louis Republic, in its poultry page last Sunday, gave the following notice of the Northwest Missouri Poultry association's exhibits:

The sixteenth annual exhibition of the Northwest Missouri Poultry association will be held at Maryville December 1 to 4. In order to encourage large entries, the promoters make a cut rate on quantities—25 cents each, up to 15, and 10 cents each for all above that number entered by any one exhibitor. In addition to the cash prizes, the association has obtained $350 worth of silver cups, to be awarded as specials.

The association members gave settings of eggs to a number of boys and girls last spring, and each junior is required to show at least one trio from his flock, cash prizes of $4, $2.50 and $1 being offered in that class. The juniors are permitted to compete in the open classes also.

Officers of the association are: President, F. P. Robinson; first vice president, W. H. Crawford; second vice president, Mrs. W. P. Nicholas; third vice president, W. B. Gex; secretary, Joseph H. Sayler, and treasurer, John S. Gross.

SLEEPER WILL BE PUT ON

PROTEST DOES WORK FOR FOOTBALL ENTHUSIASTS.

Wabash Agent Here Goes to Omaha and Order Cancelling Car is Countermanded.

The protest of the football enthusiasts did the work for the Wabash and the special sleeper will be run tomorrow night. But W. G. Sawyers, Prof. C. A. Hawkins and others have given a guarantee of eighteen fares, which must be raised. They are particularly anxious that everyone who is intending to go shall let them know as soon as possible.

The Pullman fare will be $1 each way and the train fare $4.50 for the round trip.

F. R. Marcell is planning to take his motion picture machine to Columbia and get the game in movies for Maryville if he can get a permit for the taking. He has not heard definitely yet.

E. L. Ferritor, Wabash agent here, did good work in seeing that the car was put back on after having been promised. He was in Omaha Sunday and took occasion to protest to the passenger agent.

TARKIO COLLEGE HAS LARGE FIRE

SOUTH WING OF MAIN BUILDING IN RUINS TODAY.

UNDER CONTROL AT 3:30, IS BELIEVED

Whole Tower in Flames When Discovered—Help Sought in Maryville and Chemicals Are Sent.

Special to Democrat-Forum by Phone.

Tarkio, Nov. 23.—The south wing of the main buildjng of Tarkio college is in ruins and the fire is still raging at 3:30 o'clock this afternoon, but appears to be under the control of the firemen.

Indications are that the rest of the structure will be saved. Help from Maryville was asked for at 2 o'clock, and word was received that a car load of chemicals and Fire Chief C. A. Jensen had left for this city.

The first sign of the fire was when a student saw the whole tower in flames. Everyone feels that the loss was small and the college fortunate, considering the start which the fire had gained.

The fire was discovered at 1:30 and a general alarm, which brought the whole town of Tarkio to the campus, was turned in. About 2 o'clock the clock tower fell in and the roof of the south wing followed soon after.

It was seen by the firemen early that the south part of the main building could not be saved, and all efforts were turned toward saving the north wing. The water pressure was excellent and the wind was not any higher than ordinary, so that the fight was not hard.

The Ciceronian hall was on that side of the building and was burning at 2 o'clock. The cause of the fire was given as defective wiring in the electrical equipment.

FIGHT MAY BE BITTER

Defense Program Arouses Opposition and Leaders Think President Erred by Consulting Republicans.

Special to The Democrat-Forum.

Washington, Nov. 23.—The belief that the preparedness program will be bitterly fought is increasing. An organization Democrat believes the president tactically erred by calling Republican leaders to discuss the program.

One of the president's closest advisers issued a statement that the president believed people want the country to be prepared for national defense, and that he would tell congress that and put the responsibility there.

MRS. TRULLINGER IS WELL AND HAPPY

Mrs. J. B. Trullinger of Norborne, Mo., was ill for months with derangements of the digestive tract. She suffered terrible pain and was seldom able to be about.

She took Mayr's Wonderful Remedy with results that most happily surprised her and astonished her physician.

Mrs. Trullinger lives on rural route 1, out of Norborne, and leads an active country life. She writes:

"I take great pleasure in telling you what Mayr's Wonderful Remedy has done for me. When I wrote you last March I was hardly able to be up at all. I endured awful suffering. I would get so bad I would become unconscious, and the nauseating spells I had would leave me as weak as if I had a long spell of sickness nearly as bad as typhoid.

"Words cannot express the appreciation I have for your medicine. I am now able to work all day long. All this summer and fall I have felt just fine, gaining in strength and flesh."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

NEW TRIAL MOTION OVERRULED.

Kansas City Court of Appeals Denied Motion for New Trial in the Ben Auffart Case.

Prosecuting Attorney W. G. Sawyers received word this morning that the Kansas City court of appeals had overruled the motion for a new trial in the case of the state vs. Ben Auffart. This case was tried in the circuit court here a year ago and Auffart was fined $5 and costs. An appeal was taken to the Kansas City court of appeals, and that court recently affirmed the decision of the court here. Then a motion for a new trial was filed, and with this being overruled, the judgment of the lower will stand.

Auffart was charged with moving out his fence so as to escape trimming a hedge.

Mrs. Thomas Lyons of near Conception was brought to St. Francis hospital yesterday for treatment.

notice.

State vs. Fleetwood 143 M. A. 698 is identical with the case here. The Springfield court of appeals held that the day of the election might be the twenty-eighth day from the first publication, provided that the first day was not counted in the reckoning.

Therefore Mr. Crawford holds that if the notice of election here should go in the weekly issue of January 6, the election could be held February 3. It would be published four times in issues of January 6, 13, 20 and 27. February 3 would be the twenty-eighth day.

Brotherhood Will Discuss Question.

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If Cross, Feverish, Sick, Bilious, Give Fruit Laxative at Once.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste, and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. SET TRUE MERIDIAN LINE.

U. S. Geodetic Survey Expert Here Last Week.

H. E. McComb of Lincoln, Neb., an expert in the United States service of geodetic survey, last week established a true meridian on the Normal school grounds, from which may be found the derivation of the magnetic needle. The line is established between two points, one a marker on the Normal campus, 300 feet from the building, and the other on a window sill of the building. The line was established through observations of the sun and comparison of the government tables.

It is the first line that has been established here since 1879. At that time the derivation of the needle was 10:30. The derivation now is about 9:35. The change probably is due to shifting of the magnetic pole. There may have been a slight mistake also in the former observation.

Electrical Prosperity Week

ELECTRICITY has always rightly been regarded as a business stimulator—a speeder-up and a money-maker.

In any section of the country where electricity is well known and widely utilized you will find modern-thinking, modern-acting, prosperous communities.

Electrical Prosperity Week, November 29 to December 4, is an Event dedicated entirely to boosting, extending the use and knowledge of electricity in the home, the office and factory.

If you now share in the benefits which electricity has bestowed on the world, show your approval of it by resolving to do more things in the electrical way—by passing the good word along to your unelectrified neighbor.

by letting some Prince Albert joy smoke sift into your system via a jimmy pipe or makin's cigarette, for you never got such fun out of tobacco in all your life.

Get P. A. jimmypipejoy'us and cigarette makin's happy, then you'll *personally* understand that no other pipe and cigarette tobacco *ever was* or *ever can be* like Prince Albert. The patented process fixes that—and cuts out the bite and the parch. That's why pipe peaceful and cigarette peaceful men call

PRINCE ALBERT

the national joy smoke

You be a sport and take a chance on this say-so, because you've no idea of the bully goodness, of the joy'us satisfaction, of the contentment and restfulness and that sort of thing, that hits every man who gets chummy with P. A.

Hammer this home for what ails your smokeappetite because you've no time to lose getting introduced to this real and true man-tobacco that's ace-high and a yard wide no matter how you swing on it, jimmy pipe or makin's cigarette!

Here is another just-elected member of the Prince Albert "old-time jimmy-pipers club." This is John O'Reilly, of East Providence, R. I., who has just passed the century mark. Mr. O'Reilly is one of those grand old men who has come to this ripe age with the joys of his friendly jimmy pipe fresh in his mind each morning. He has always been a liberal smoker.

Prince Albert is sold everywhere because the demand for it is universal. So wherever you happen to run short just drop in the handiest shop that sells tobacco and buy the toppy red bag for a jitney piece, 5c; tidy red tin, 10c; handsome pound and half-pound tin humidors; and that classy crystal-glass pound humidor with sponge-moistener top.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them, if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

MEN ON SAINTS ROUTE TO MEET

REPRESENTATIVES WILL GATHER HERE TOMORROW.

TO ORGANIZE FIGHT FOR JEFFERSON ROAD

Maryville Commercial Club Has Called Meeting to Make Plans for Presenting Saints Advantages.

A meeting of delegates from each of the important towns along the Saints Highway will be held in the Maryville Commercial Club rooms at 10 o'clock tomorrow morning to form an organization for making a strong fight before the board of directors of the new Jefferson Highway in behalf of the Saints Highway.

One of the leaders in the meeting will be J. F. Bryan, secretary of the Creston Club, who will bring a delegation with him. Other towns which will be represented by one or more men are: Kent, Lenox, and Bedford, in Iowa; Hopkins, Pickering, Bolckow, Barnard, Rosendale and Savannah.

John Sewell, chairman of the Highways committee of the Commercial Club here, will appoint several others to represent Maryville in the meeting. An effort is being made today to get a man from St. Joseph to be present in the meeting also.

The Jefferson Highway will run from St. Paul to New Orleans but the shorter stretches have not been officially designated in every instance. When the directors meet in Kansas City soon to pass upon this question, the Saints Highway expect to have a strong bunch of men there to tell them why this route from St. Joseph to Des Moines is better than the Interstate Trail through Bethany.

It is for this that the meeting has been called tomorrow morning by the Maryville Commercial club W. R. Jackson, secretary of the Club, has been giving almost all his time the past week in getting in touch with the towns on the Saints Highway and arousing them to the opportunity of getting on the official route of one of the nation's great highways.

SKIDMORE 32; BARNARD 30

West County Team Shows Dust to Five Which Had Not Lost a Game This Year.

In one of the fastest basket ball games of the season Saturday afternoon at Skidmore, the high school team defeated Barnard by a score of 32 to 30. The S. H. S. lost a game at Barnard Saturday, Nov. 6, 22 to 19. Barnard had won five successive games, but defeat was their lot at Skidmore, despite their best efforts.

The line-up for Barnard was: Forwards, V. Robinson and E. Thompson; center, P. Stalling; guards, E. Gardner and A. Patton; substitutes, R. Goforth and D. Campbell. The line-up for Skidmore was: Forwards, D. Robbins and D. Haynes; center, R. Howden; guards, R. DeWitt and J. Aldridge; substitutes, M. Owens and E. King. Robbins of Skidmore made more points than any man on either team, making 21 points. Thompson and Stalling of Barnard tied for second place with 11 points each.

CORN ACRE YIELD CONTEST

Harvesting and Weighing Had to Be Finished by Yesterday and Affidavits Are Expected Soon.

Harvesting and weighing of the corn in the boys' acre yield contest under the auspices of the Nodaway County Agricultural and Domestic Science association had to be finished yesterday by the rules of the contest.

Bert Cooper, manager of the exhibit, expects the affidavits to arrive today and tomorrow and the contest to be decided by the last of the week. A disinterested neighbor must see the corn gathered and weighed from one acre and must also sign the affidavit.

Ten boys wrote for blanks from the county superintendent of schools, and it is expected that at least eight will contest, as there are that many prizes.

The prizes which are offered total $195. First prize is $50. Second is $40, and they range on down to eighth, which amounts to $5.

DOGS GET A CORN THIEF

CHIEF MOBERLY AND SHERIFF DO QUICK JOB.

Complaint From Burlington Junction at 4 o'Clock Yesterday Afternoon —Thief Fined Today.

Chief of Police E. C. Moberly is particularly proud of his dogs today, after their sure and rapid work in catching a corn thief at Burlington Junction last night.

A complaint came in yesterday afternoon at 4 o'clock that a man had been stealing corn out of fields along the road. The chief and the hounds hurried up that way, getting to the scene about dusk. A track was found in a field and the trail followed to where a camp had been broken.

Sheriff Ed Wallace and Deputy Sheriff George Yates of Burlington Junction caught the outfit near Quitman with corn in their wagons. Bob Wooden was brought back to Burlington Junction last night and this morning he pleaded guilty.

Justice Staples fined him $15 and costs, which he paid and hastened after the camp, in the southern part of the county. If any farmer is losing any corn in a similar way, just let "Fatty's" dogs get their nose to a track in the cornfield before it gets too old and the thief is about the same as fined.

Miss Martha Koch left this morning for Falls City, Neb., where she will be the guest of Mrs. Jean Benson Kain.

Mrs. Nancy Pride left this morning for Butler, Mo., where she will be the guest of relatives.

A BETTER INSTITUTE

RICHARDSON PRESENTS PLANS AND CHANGES FOR NEXT YEAR

BIG TEACHERS' MEETING

More Entertaining Attractions Will Be Offered and More Local Interest Will Be Sought by Normal

New plans and proposed changes for the Farm and Home Institute for next year were given to the Commercial club at their weekly luncheon yesterday by President Ira Richardson of the State Normal school.

Perhaps the most interesting to the public in general was the announcement that the Northwest Missouri Teachers' association meetings would be revived next year on account of the state association being held in St. Louis.

The last two years the meetings have been in St. Joseph and Kansas City, and were so near that most of the teachers in this part of the state were able and desired to go to them. But it is definitely known that seven or eight, and perhaps more, of the counties in this corner of Missouri will meet at the Normal during the institute for a teachers' meeting next year.

The suggestion will be made to the counties like Ray and Carroll, which are considerable distance away, that they shall hold tri-county meetings or joint association of some character, so that their programs may be better than a single county is able to bring together.

No Morning Programs Hereafter.

President Richardson said that past experience has shown that there was no need for morning agricultural programs, as no farmers attended them. Sectional meetings of teachers and other conferences will probably be held in the morning and the regular institute meetings in the afternoon.

The programs will be made more interesting to Maryville and the people of Nodaway county by the addition of more local speakers and frequent round table discussions. Township and intertown competition is being considered also as a better means of arousing interest.

The last week in October will be the date of the meetings again, but the tractor demonstrations will be set near the first of August, as this date is more suitable to the farmers and the tractor companies. Experience of other fairs and institutes have shown that better interest is manifested in the plowing work in August than in October.

More Entertaining Features.

The adding of a parade with floats prepared by towns and township, city and rural schools, with suitable prizes for the best ones, was recommended as one attraction which might help the attendance at the institute.

In the exhibits of the Agricultural and Domestic Science association, the adding of classes for boys and girls in calves, hogs and baby beeves was suggested by President Richardson. Better co-operation was urged between all concerned in the affair.

The club referred the recommendations and suggestions to the entertainment and agricultural committees of the Maryville Commercial club. They are: Agricultural, Roy Curfman, R. A. Kinnaird, Lawrence Ogden and Ernest Wray; entertainment, Albert Kuchs, F. G. Shoemaker, Edward Keck.

WRECK OF CARNIVAL TRAIN

24 Killed, 50 or More Injured is the Latest Estimate of Accident Near Columbus, Ga.

Special to The Democrat-Forum.

Columbus, Ga., Nov. 23.—The work of checking up the dead and injured of the Kennedy Carnival company of Leavenworth, Kan., is progressing slowly. The latest estimate is twenty-four dead and fifty or more injured. The wreck occurred six miles west of here, between a Central Georgia passenger train and a special train of twenty-eight cars carrying the carnival company.

Identification in many cases is difficult on account of their being many hangers-on, and the names are unknown in a number of cases.

CITY ATTORNEY'S LIQUOR DECISION

MAYOR IS INFORMED THAT FEB. 3 IS LEGAL DATE.

BUT IT WOULD LEAVE ROOM FOR CONTEST

Brotherhood at the Christian Church Invites All Who Are Interested to Meet With Them Friday Night.

That the local option election can legally be held in February is the belief of W. H. Crawford, city attorney, and he gave such a decision to Mayor U. S. Wright this morning.

But the date would probably lead to a contest, at least it would leave room for one, the city attorney officially stated to the mayor in a decision filed with Mr. Wright this afternoon, following a request from the mayor for such an official expression of opinion.

This ruling of the city attorney is of importance for two reasons: It will have weight with the mass meeting of temperance forces which will be called to vote upon a date to be asked for, and Mr. Crawford may advise the city council against the February date and they have the final word in the calling of the election.

Mr. Crawford's opinion is based upon two outstanding facts in the liquor statute. The first is that the law reads that the local option election "shall not be again submitted within four years next thereafter "the date of the previous election.

It has been previously asserted by lawyers that the statute meant that another local option election could be held as soon as four years had elapsed, counting the day of election as the first day of the four years. By that ruling, the forbidden time would be up at midnight January 4 here.

But the time will not be up until midnight January 5, Mr. Crawford holds, because the statute reads "within the four years next thereafter." The city attorney has looked up all of the definitions of the word "submitted" as used in the liquor law, and finds that by submission the law means the referring of the matter to the people by a legal notice not by the election itself.

Can't Call It Till Jan. 6.

Nothing could be done by the council, therefore, until the morning of January 6, according to Mr. Crawford's interpretation. That would mean that the last notice of election would be on February 3, in order for the notices to run twenty-eight days.

The case of state vs. Swearingen 128 M. A. 605 held that by four consecutive weeks, the statute meant that the notice must be in five weekly papers. But two later cases have overruled that decision in cases exactly parallel to the Maryville election, in case it should be called here February 3.

The state vs. Brown, in St. Louis ciurt of appeals held that four publications was sufficient within the law if twenty-eight days elapsed before election and the publishing of the first

SHOW IN ARMORY

POULTRY ASSOCIATION WILL OPEN WEEK FROM TOMORROW.

MRS. F. C. SMITH, FIRST

Her Entry Came Last Week and Many Are Following—Exhibit and Offerings Attracting Attention

Final arrangements for the old armory building, on the east side of the square for the place in which to hold the Northwestern Missouri Poultry association show, December 1-4, were made this morning by F. P. Robinson, president of the association.

The honor for getting in the first 1915 entry goes to Mrs. F. C. Miller of Guilford, who sent in her entries for several pens of Rose Comb Reds the last part of last week. They are coming in thick and fast now to Joseph H. Sayler, secretary.

The thirty-five cups which will be given by Maryville merchants to the winners arrived last week at DeHart & Holmes' store. A few were slow in arriving, however, and they were not put into the window for display until today. They make a most beautiful display of silverware.

The annual poultry show by the Quitman association begins tomorrow morning. Fifty dollars is offered in prizes in the show, which will continue until Friday.

The annual Shenandoah show, from which the local association got the idea of offering cups, is being held in the Iowa town this week and is attracting a large number of birds from this county. Most of the fanciers are planning to show at Shenandoah, then in Maryville, and then to the state show at Joplin the second week in December.

Republic Notices Maryville Show.

The St. Louis Republic, in its poultry page last Sunday, gave the following notice of the Northwest Missouri Poultry association's exhibits:

The sixteenth annual exhibition of the Northwest Missouri Poultry association will be held at Maryville December 1 to 4. In order to encourage large entries, the promoters make a cut rate on quantities—25 cents each, up to 15, and 10 cents each for all above that number entered by any one exhibitor. In addition to the cash prizes, the association has obtained $350 worth of silver cups, to be awarded as specials.

The association members gave settings of eggs to a number of boys and girls last spring, and each junior is required to show at least one trio from his flock, cash prizes of $4, $2.50 and $1 being offered in that class. The juniors are permitted to compete in the open classes also.

Officers of the association are: President, F. P. Robinson; first vice president, W. H. Crawford; second vice president, Mrs. W. P. Nicholas; third vice president, W. B. Gex; secretary, Joseph H. Sayler, and treasurer, John S. Gross.

SLEEPER WILL BE PUT ON

PROTEST DOES WORK FOR FOOTBALL ENTHUSIASTS.

Wabash Agent Here Goes to Omaha and Order Cancelling Car is Countermanded.

The protest of the football enthusiasts did the work for the Wabash and the special sleeper will be run tomorrow night. But W. G. Sawyers, Prof. C. A. Hawkins and others have given a guarantee of eighteen fares, which must be raised. They are particularly anxious that everyone who is intending to go shall let them know as soon as possible.

The Pullman fare will be $1 each way and the train fare $4.50 for the round trip.

F. R. Marcell is planning to take his motion picture machine to Columbia and get the game in movies for Maryville if he can get a permit for the taking. He has not heard definitely yet.

E. L. Ferritor, Wabash agent here, did good work in seeing that the car was put back on after having been promised. He was in Omaha Sunday and took occasion to protest to the passenger agent.

TARKIO COLLEGE HAS LARGE FIRE

SOUTH WING OF MAIN BUILDING IN RUINS TODAY.

UNDER CONTROL AT 3:30, IS BELIEVED

Whole Tower in Flames When Discovered—Help Sought in Maryville and Chemicals Are Sent.

Special to Democrat-Forum by Phone.

Tarkio, Nov. 23.—The south wing of the main building of Tarkio college is in ruins and the fire is still raging at 3:30 o'clock this afternoon, but appears to be under the control of the firemen.

Indications are that the rest of the structure will be saved. Help from Maryville was asked for at 2 o'clock, and word was received that a car load of chemicals and Fire Chief C. A. Jensen had left for this city.

The first sign of the fire was when a student saw the whole tower in flames. Everyone feels that the loss was small and the college fortunate, considering the start which the fire had gained.

The fire was discovered at 1:30 and a general alarm, which brought the whole town of Tarkio to the campus, was turned in. About 2 o'clock the clock tower fell in and the roof of the south wing followed soon after.

It was seen by the firemen early that the south part of the main building could not be saved, and all efforts were turned toward saving the north wing. The water pressure was excellent and the wind was not any higher than ordinary, so that the fight was not hard.

The Ciceronian hall was on that side of the building and was burning at 2 o'clock. The cause of the fire was given as defective wiring in the electrical equipment.

FIGHT MAY BE BITTER

Defense Program Arouses Opposition and Leaders Think President Erred by Consulting Republicans.

Special to The Democrat-Forum.

Washington, Nov. 23.—The belief that the preparedness program will be bitterly fought is increasing. An organization Democrat believes the president tactically erred by calling Republican leaders to discuss the program.

One of the president's closest advisers issued a statement that the president believed people want the country to be prepared for national defense, and that he would tell congress that and put the responsibility there.

MRS. TRULLINGER IS WELL AND HAPPY

Mrs. J. B. Trullinger of Norborne, Mo., was ill for months with derangements of the digestive tract. She suffered terrible pain and was seldom able to be about.

She took Mayr's Wonderful Remedy with results that most happily surprised her and astonished her physician.

Mrs. Trullinger lives on rural route 1, out of Norborne, and leads an active country life. She writes:

"I take great pleasure in telling you what Mayr's Wonderful Remedy has done for me. When I wrote you last March I was hardly able to be up at all. I endured awful suffering. I would get so bad I would become unconscious, and the nauseating spells I had would leave me as weak as if I had a long spell of sickness nearly as bad as typhoid.

"Words cannot express the appreciation I have for your medicine. I am now able to work all day long. All this summer and fall I have felt just fine, gaining in strength and flesh."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. NEW TRIAL MOTION OVERRULED.

Kansas City Court of Appeals Denied Motion for New Trial in the Ben Auffart Case.

Prosecuting Attorney W. G. Sawyers received word this morning that the Kansas City court of appeals had overruled the motion for a new trial in the case of the state vs. Ben Auffart. This case was tried in the circuit court here a year ago and Auffart was fined $5 and costs. An appeal was taken to the Kansas City court of appeals, and that court recently affirmed the decision of the court here. Then a motion for a new trial was filed, and with this being overruled, the judgment of the lower will stand.

Auffart was charged with moving out his fence so as to escape trimming a hedge.

Mrs. Thomas Lyons of near Conception was brought to St. Francis hospital yesterday for treatment.

notice.

State vs. Fleetwood 143 M. A. 698 is identical with the case here. The Springfield court of appeals held that the day of the election might be the twenty-eighth day from the first publication, provided that the first day was not counted in the reckoning.

Therefore Mr. Crawford holds that if the notice of election here should go in the weekly issue of January 6, the election could be held February 3. It would be published four times in issues of January 6, 13, 20 and 27. February 3 would be the twenty-eighth day.

SET TRUE MERIDIAN LINE.

U. S. Geodetic Survey Expert Here Last Week.

H. E. McComb of Lincoln, Neb., an expert in the United States service of geodetic survey, last week established a true meridian on the Normal school grounds, from which may be found the derivation of the magnetic needle. The line is established between two points, one a marker on the Normal campus, 300 feet from the building, and the other on a window sill of the building. The line was established through observations of the sun and comparison of the government tables.

It is the first line that has been established here since 1879. At that time the derivation of the needle was 10:30. The derivation now is about 9:35. The change probably is due to shifting of the magnetic pole. There may have been a slight mistake also in the former observation.

Nov. 29th to Dec. 4th Electrical Prosperity Week

ELECTRICITY has always rightly been regarded as a business stimulator—a speeder-up and a money-maker.

In any section of the country where electricity is well known and widely utilized you will find modern-thinking, modern-acting, prosperous communities.

Electrical Prosperity Week, November 29 to December 4, is an Event dedicated entirely to boosting, extending the use and knowledge of electricity in the home, the office and factory.

If you now share in the benefits which electricity has bestowed on the world, show your approval of it by resolving to do more things in the electrical way—by passing the good word along to your unelectrified neighbor.

You uncork that sunshine tank

by letting some Prince Albert joy smoke sift into your system via a jimmy pipe or makin's cigarette, for you never got such fun out of tobacco in all your life.

Get that P. A. flavor? Get that P. A. aroma? Go to it mighty cheerful, because P. A. can't bite! Puff away like you hit perpetual motion in the first round! And keep fired-up till the cows come home. For it's *surefacts* Prince Albert never grouched any other man's tongue and *won't grouch yours!*

Get P. A. jimmypipejoy'us and cigarette makin's happy, then you'll *personally* understand that no other pipe and cigarette tobacco *ever was* or *ever can be* like Prince Albert. The patented process fixes that—and cuts out the bite and the parch. That's why pipe peaceful and cigarette peaceful men call

PRINCE ALBERT

the national joy smoke

You be a sport and take a chance on this say-so, because you've no idea of the bully goodness, of the joy'us satisfaction, of the contentment and restfulness and that sort of thing, that hits every man who gets chummy with P. A.

Hammer this home for what ails your smokeappetite because you've no time to lose getting introduced to this real and true man-tobacco that's ace-high and a yard wide no matter how you swing on it, jimmy pipe or makin's cigarette!

Here is another just-elected member of the Prince Albert "old-time jimmypipers club." This is John O'Reilly, of East Providence, R. I., who has just passed the century mark. Mr. O'Reilly is one of those grand old men who has come to this ripe age with the joys of his friendly jimmy pipe fresh in his mind each morning. He has always been a liberal smoker.

Prince Albert is sold everywhere because the demand for it is universal. So wherever you happen to run short just drop in the handiest shop that sells tobacco and buy the toppy red bag for a jitney piece, 5c; tidy red tin, 10c; handsome pound and half-pound tin humidors; and that classy crystal-glass pound humidor with sponge-moistener top.

STOMACH ACTS FINE! NO INDIGESTION, GAS, HEARTBURN, ACIDITY

"Pape's Diapepsin" Fixes Sick, Sour, Upset Stomach in Five Minutes.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them, if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.
